- participate in the decision-making process which results in the transaction by that company involving NCB Listed Securities, or
- give advice to the persons who participate in that company's decision-making process which results in the transaction involving NCB Listed Securities.

This Trading Policy is to be complied with by Relevant Persons and their Connected Parties (as defined in 3 below).

4A. **Trading in NCB Listed Securities restricted in “Black-Out Periods”**

A Relevant Person, or any Connected Party, **must not deal* in** NCB Listed Securities **during Black-Out Periods.**

* **Dealing** includes any of the following *whether undertaken as principal or agent*:

(i) acquiring or disposing of securities or any interest in securities; or

(ii) subscribing for/underwriting securities

(ii) making or offering to make with any person, inducing or attempting to induce any person to enter into/offer to enter into any agreement for or with a view to acquiring or disposing of securities or interest in securities, subscribing for or underwriting securities or to secure a profit to any of the parties from the yield of securities or by reference to fluctuations in the value of securities; and

(iv) granting, accepting, acquiring, disposing of, exercising or discharging an option or any other right or obligation, present or future, conditional or unconditional, to acquire or dispose of securities or interest in securities, provided that;-

(aa) where the price payable for the securities is fixed at the time of grant of the option the dealing is regarded as having occurred at the time of the grant,

(bb) where the price payable for the securities to be acquired by the exercise of an option is to be fixed at the time of exercise of the option or at some other future time, the dealing is to be regarded as having occurred at the time when the price becomes fixed;

and “deal” is to be construed accordingly.

The Black-Out Periods are the four (4) periods each **commencing** on the 22nd day of the last month of each quarter (except the final quarter) and the 1st day of the final month of the financial year and **ending** at the close of business on the day after the relevant NCB Public Company releases its financial results pertaining to the financial quarter or financial year, as the case may be. (Thus, if the financial results are released on a Thursday, the next day on which Relevant Persons and Connected Parties could trade in NCB Listed Securities would be the next Monday.)

The Black-Out Periods each year therefore commence on December 22nd, March 22nd, June 22nd and September 1st.

Notwithstanding the provisions of this clause (but without derogating from the general statutory restrictions) a Relevant Person or Connected Party may deal in NCB Listed Securities during a black-out period, provided the Relevant Person complies with the notification process set out at clause 6 below.

4B. Trading in other (non-NCB) listed securities

A Relevant Person or any Connected Party shall not deal in the securities of any other listed company when possessed of price-sensitive information relating to that company received by virtue of his/her position in the NCB Group.

5. Exempted dealings

The following categories of dealings are exempted from restrictions in clause 4A (black-out period restrictions) **BUT NOT** from the statutory restrictions regarding dealing while in possession of price sensitive information:

- (a) Exercise of options or rights under an employee share or share option scheme;
- (b) Conversion of convertible securities;

- (d) The undertaking to accept, or acceptance of a take-over offer; and
- (e) The undertaking to accept or the acceptance of securities as part of a merger by way of scheme of arrangement.

Where a Relevant Person or any Connected Party proposes to deal in **any** securities of any listed company and is unsure whether the policy applies to the proposed dealing he/she must disclose such proposed dealing to the Chair of the Corporate Governance & Nomination Committee, Corporate Secretary or other designated Officer of the listed company so that a determination can be made regarding whether the company ought to make a disclosure to the relevant Stock Exchange on which the company's securities are listed.

- 6. Notification of Trading in NCB GROUP shares to the Company Secretary and** Chair of the Corporate Governance & Nomination Committee
 Relevant Persons **must advise the designated officer (who, at NCB, is the Company Secretary or Assistant Company Secretary)** in writing of all trades in NCB Listed Securities by themselves, their partners or their Connected Parties.

A. Dealings in "Black-Out Periods"

- (a) In exceptional circumstances (e.g. where a Relevant Person has a pressing financial commitment which has to be met), a Relevant Person must submit a request in writing for permission to deal in NCB Listed Securities during a particular Black-Out Period to the Chair of the Corporate Governance & Nomination Committee (or other director appointed by him/her or by the Board Chairman for this specific purpose) and who may, in his/her sole discretion, permit the trade to be undertaken during that Black-Out Period.

The request for permission should include the following:

- (i) the person's current holding of securities in the listed company whose securities are the subject of a proposed dealing; and
 - (ii) the person's intention to deal in the securities of the company during a black-out period;
 - (iii) the reason for the proposed dealing.
- (a) The proposed dealing can only be affected upon receipt of written permission obtained pursuant to (a) above;
- (b) An immediate notification/announcement must also be made by the person to the designated officer as well as by the designated officer of the company to the stock exchange on which the company's securities are listed. The notification/announcement to the designated officer must occur on the day the dealing occurs to enable the designated officer to inform the stock exchange not later than one full market day following the dealing. The notification(s)/announcement(s) shall state, among other things:-
- (i) The date on which the dealing occurred;
 - (ii) The consideration for the dealing; and

- (iii) The number of securities involved in the dealing, both in absolute terms and as a percentage of all issued securities of that class in the company

This advice must be given on the day that each such trade takes place. The Company Secretary or Assistant Company Secretary must acknowledge (by written confirmation, which may be by e-mail correspondence, to the Relevant Person) receipt of such advice.

Note that this section 6 does not apply to NCBCM (or another NCB GROUP subsidiary which is licensed to deal in securities) where it is dealing *in circumstances which fall within section 8 below*.

B. Dealings outside the black-out periods

Where the dealing is outside of the black-out period, the Relevant Person must proceed as follows:

- (a) the Relevant Person must provide prior written notice to the Chair of the Corporate Governance & Nomination Committee (or other director appointed by him/her or by the Board Chairman for that specific purpose) and receive an acknowledgement; and
- (b) the Relevant Person must, within one working day after the dealing has occurred, give notice of the dealing in writing to the designated officer of the listed company and the designated officer must in turn notify the stock exchange on which the company's securities are listed no later than 5 working days after such dealing. The notice and announcement shall include the information set out in clause 6A;

Note in this regard the listed company must maintain a proper record of all notices received by it pursuant to this clause and, pursuant to Listing Agreements with the JSE, the JSE must promptly be notified of dealings in an issuer's securities by directors and senior management and their connected persons.

A list of notifications by Relevant Persons of trading by themselves and their Connected Parties' dealings in NCB GROUP securities since the date of the previous list shall be circulated by the Company Secretary to the Board of Directors together with the other board papers.

Note that this section does not apply to NCBCM (or another NCB GROUP subsidiary which is licensed to deal in securities) where it is dealing *in circumstances which fall within clause 8 below*.

7. Board Declarations as to Price-Sensitive Information

The relevant NCB Public Company's Board of Directors may declare for that company's internal purposes, or NCB GROUP's Board of Directors for the entire NCB Group, that particular information is price-sensitive, and may require the communication of that declaration on a confidential basis to those Relevant Persons who it is intended or expected are or will become aware of that information.

Relevant Persons who are aware that the Board has issued such a declaration, ***must not*** trade (and shall ensure that their Connected Parties do not trade) in NCB Listed Securities.

This prohibition on trading will continue *until* either -

- the Board communicates that it has cancelled its declaration, or
- the information has on the instructions of the Board been released to the JSE on a non-confidential basis.

All persons must exercise their own independent judgement as to whether any information of which they are aware and which has not been made the subject of a Board declaration, is or is not price-sensitive. No one is entitled to rely on the fact that the Board has not made a declaration in relation to particular information as a basis for treating the information as not being price sensitive. The Board of Directors, in exercising its judgement as to whether or not particular information is price-sensitive, or as to whether or not to issue a declaration under this section of the Trading Policy, is not assuming any duty of care or other obligation or liability to any Relevant Persons or their Connected Parties or to anyone else.

8. Trading in securities by a NCB group company on behalf of others

A. Section 51(9) of the Securities Act provides that, in situations where a licensed dealer in securities would not otherwise be able lawfully to deal in the listed securities of an issuer because of having insider information affecting those listed securities, the licensed dealer may nevertheless deal in those listed securities where the following three conditions are all met:

1. the licensed dealer is acting as the agent for another person pursuant to a specific instruction by that other person to effect a transaction;
2. the licensed dealer has not given any advice to that other person in relation to the said transaction; and
3. that other person is not "associated" with the licensed dealer.

A NCB group company which is a licensed dealer in securities will not be deemed to be in violation of this Trading Policy where these three conditions are all satisfied, and *on the date that the transaction takes place*, the company notifies NCB GROUP's Company Secretary or Assistant Company Secretary in writing of the transaction and confirms the above three matters in that notification.

B. The statutory exception referred to in section 8A above does not however apply where an NCB group company is dealing in securities on behalf of a company or other person which/who is “associated” with that NCB group company. Note that the following persons, among others as set out in clause 1A above, are “associated” with a NCB group company:

- the directors and managers of that NCB group company
- any companies of which any director or manager of that NCB group company is also a director or manager
- a person who has control of that NCB group company
- any companies which are controlled by a person who has control of that NCB group company
- other companies in the NCB group
- other companies directly or indirectly controlled by Portland Holdings Inc.

In cases where the statutory exception does not apply (e.g. because the NCB group company is trading on behalf of an “associate”, or because the securities are not listed), then if any director or other officer³ of that NCB group company has price-sensitive information affecting any issuer of securities (including an NCB Public Company), that NCB group company can enter into a transaction in the securities of that issuer where the following three conditions are all satisfied:

1. The director or other officer of that NCB group company who has the price-sensitive information *does not participate in the decision* to enter into a transaction in those securities;
2. That NCB group company has *arrangements in place* at the time to ensure that – (a) price-sensitive information is not communicated to the person who makes the decisions on behalf of that NCB group company to enter into transactions in those securities, and (b) no advice with respect to the transactions in those securities is given to that decision-making person by the director or other officer of that NCB group company who has the price-sensitive information; and
3. The price-sensitive information is not *in fact* communicated to the person within the NCB group company who makes the decision to enter into the transaction in those securities, and advice with respect to the transaction is not *in fact* given to that decision-making person by the officer with the price-sensitive information.

³ This expression includes senior managers and executives such as – Managing Director, Deputy Managing Director, the president, vice-president, senior vice-president, general manager, assistant general manager, secretary, responsible officer, Chief Financial Officer or treasurer (or, in each case, anyone carrying on functions similar to those normally carried on by a holder of any of those positions)

A NCB group company will not be deemed to be in violation of this Trading Policy *where these three conditions are all satisfied*, and *on the date that the transaction takes place*, the company notifies NCB GROUP's Company Secretary or Assistant Company Secretary in writing of the transaction and confirms the above three matters in that notification.

By way of examples, this section 8B of the Trading Policy applies – (a) to NCBCM where it is trading on instructions from a client which is a company in which a director or manager of a NCB group company has a controlling interest, or (b) to NCBCM where it is dealing on instructions from NCB Insurance Company Limited (NCBIC)/West Indies Trust Company Limited (WITCO), or from any other NCB group company, which is acting on behalf of pension and investment funds which are administered and/or managed by NCBIC, WITCO or such other NCB group company.

C. If a NCB group company (such as NCBCM) is proposing to deal in the securities issued by any other company (referred to in this clause 8C as the "Target"), and an officer of that NCB group company has price-sensitive information which was obtained by that officer in the course of performing his/her duties as an officer of that NCB group company *and which relates to the proposed dealing by that NCB group company in the securities of Target*, then that price-sensitive information does not preclude the NCB group company from dealing in the securities of Target.

9. Contraventions of this Trading Policy

Employees of the NCB group who contravene the provisions of this Trading Policy will be subject to NCB GROUP's disciplinary policy and any other group disciplinary policy.

Where a Director contravenes the provisions of this Trading Policy, the matter will be brought to the attention of the Board for appropriate action.

10. Review of /Amendments to this Trading Policy

This Trading Policy may be amended or replaced from time to time and shall be reviewed no less frequently than every two years.
